

Dome and Outdoor Fields Project

Scope of the Project

Scope

Build a 80,000 square foot dome with 3 outdoor lighted synthetic turf fields with an 8,000 square foot building attached to dome, walking trails and playground to be used by youth, adults and seniors.

Location

25.5 acre lot on Rt. 1A in Holden, ME (724 Main Road, Holden)

Why Support the Complex?

River City Athletics has outgrown its current facility. In order to provide the best possible educational and athletic opportunities for our youth, we need additional, improved space to accommodate our continued growth and the vital needs of the surrounding communities. The multi-sport complex will position Penobscot County with a showcase facility in Eastern Maine which will help grow economic development, tourism, and diversification efforts.

Maine has one of the highest childhood obesity rates in the country – this new complex will provide an opportunity for the almost 150,000 youth, adults and seniors within a 50 mile radius of Bangor to maintain and improve their physical well being on a year round basis.

(<https://censusreporter.org/profiles/31000US12620-bangor-me-metro-area/>)

Constructing this indoor/outdoor complex, will allow us to:

- Quadruple our year-round usable indoor space
- Significantly increase youth and adults participation in physical activity
- Provide a safe, high quality, drug-free and tobacco free facility
- Create an exciting opportunity to host regional and national competitions, high school play-offs, Olympic Development Program (ODP) events, tournaments, clinics, and multi-cultural events for a variety of sports and programs.
- Offer affordable outdoor field options for local organizations
- Increase residential and commercial property values and rental prices surrounding the site
- Attract new residents and businesses with a high-quality year-round athletic facility
- Generate revenue for local businesses
- Provide a showcase facility available to local schools, colleges, city recreation departments, and clubs (soccer, lacrosse, baseball, softball, field hockey, football), and to other community organizations to accommodate their specific needs.

Field Hockey Camps and Clinics

Eastern Maine Lacrosse Clinics

Adult Men's and Women's Leagues

Phase 1: Naming Right Opportunity

River City Giving Back to Community

Mission and Vision

MISSION

River City Athletics is a volunteer based non-profit organization established to meet the needs of the youth sports community of Eastern, Central and Northern Maine, with a primary focus to provide safe and adequate indoor and outdoor playing facilities for the Eastern Maine region.

VISION

Offer safe and reliable indoor and outdoor fields for community members and organizations to remain active 12 months of the year. River City Athletics will provide and administer an organized structure with safe and adequate indoor and outdoor playing fields for all sports. A primary focus for each facility and program is promoting a healthy lifestyle through education, environment (drug-free and tobacco-free), and safety.
